

Keeping Chickens

The City of Troutdale recently adopted standards for keeping chickens on residential properties. Before you put up a coop and buy your seed, there's a few important items to review:

Standards for Keeping Chickens

Please review and save [these standards](#) for keeping chickens before applying for a chicken permit.

Chicken Permit

Residents who currently keep chickens or are interested in keeping chickens will need to secure a chicken permit which is good for a two year period and can be renewed. The City of Troutdale is currently developing the permit application, which will be applied for and paid for via its online system.

In the meantime, please call Community Development at (503) 674-7229 if you have any questions.
